

Join us for ArtMed inSight's

Visual Empathy at the MET Museum

Part 1: Saturday December 7, 2019 from 4 to 6 pm

Part 2: Sunday December 8, 2019 from 10.30 am to 12.30 pm

***Enhance your Empathic Intelligence!
and Learn about Art!***

The Blind Man's Meal—Pablo Picasso

“Fantastic course. Therapeutic, informative, and reformative.”

***“To increase my observation skills (goals) and do something creative;
these sessions exceeded my expectations.”***

Visual Empathy Part 1: Friday December 7, 2019 from 4 to 6.30 pm

What is self-empathy and how does it relate to empathic intelligence? Through looking at art, and engaging in creative art and writing exercises, in this workshop you enhance your capacity for self-empathy and explore how this key skill functions as a central building block to empathic intelligence.

Visual Empathy Part 2: Sunday December 8, 2019 from 10.30 am to 1 pm

How can you enhance your empathic intelligence? In part 2 of our Visual Empathy workshop, through looking at art and engaging in creative art and writing exercises, you access powerful tactics to learn how to shift points of view in a way that leads to increased empathic intelligence.

Who should attend?

Physicians, medical students and all medical personnel as well as students and professionals interested in overriding their blind spots and enhancing their observational and empathic intelligence.

Art experience is welcome but not necessary
